

COSPLAY & PROPS

BOOKING &
ANIMATIONS

Book us for your event!

We are Marie and Maël, a couple of cosplayers better known as Black Owl Studio.

We travel through festivals, conventions and events in France and abroad since 2016.

As guests, **here are the services we offer:**

Cosplay contest judging

Photoshoots with visitors & animations

Exhibition (costumes, props)

Selling creations and prints

Workshops & conferences

Cosplay repair point

PS : We speak french and english!

COSPLAY CONTEST JUDGING

After winning several competitions, including that of Comic Con Paris, gateway to represent France at the Crown Championships of Cosplay (international competition based at C2E2 - Chicago), we had the opportunity to be invited many times at events both in France and abroad.

Thus, we have regularly been judges during competitions: Review of cosplayers (always with kindness), scoring according to a pre-established grid or not, deliberations, winners announcement... Each contest has its specificities and we try to adapt to them while remaining available to interact with the participants.

PHOTO-SHOOTS & ANIMATIONS

With our costumes from known licenses such as World of Warcraft, Princess Mononoke or Zelda, we travel from convention to festival to share our passion with visitors, young and old.

Posing in front of a photocall, selfies, parades, animations, signing prints... enough to create memories for your visitors and beautiful photos to share around your event!

WARCRAFT WORLD PREMIERE

Photocall animation and walking around for the Warcraft movie World Premiere at the Grand Rex Paris with Cospro.

SELLING CREATIONS & PRINTS

WORKSHOPS & CONFERENCES

In our studio, we offer workshops on various topics related to cosplay. Some can be adapted to external events, with shorter formats, such as initiations or small targeted exercises.

Different themes are possible, of which are some examples. Most of our workshops can be done either as a demonstration (only the speaker carries out the manipulations), or as an «active» workshop (the participants can make their own attempts).

Heat guns, sculpting tools, modeling clay, thermoplastics... we can bring all the material needed for these workshops.

We can also hold conferences about topics such as cosplay contests, costume making, techniques and materials used in this domain, cosplay as a full time job... or participate in Q & A sessions with visitors.
